Notes of Melter & Refiner. 5/26/80

The deposits are from the following sources:

Africa	1
Fine bullion	13
Base "	4
Jewelry, &c.	7
Very base	4
Coin	4
Total	33

The African grains suffered their usual wastage of 3.27 %; — the fine bullion, lost the low rate of 0.13 %; the base lost fairly at 4¼ %; — the jewelry lost moderately at 8.20 %; — the very base lost at about its usual rate 25.05 %. — the usual return of no loss in coin of 100 oz. weight is objectionable, because it cannot be melted without loss, and so the Government bears the loss.
